

Indigenous Employment Policy

Happsa Group recognises the high level of unemployment and limited job opportunities that exist among Indigenous Australians.

Happsa Group is an equal opportunity employer and is strongly committed to working in partnership with the Aboriginal and Torres Strait Islander communities to increase job opportunities within our company. Through a range of initiatives we will provide employment opportunities and career paths to improve long term employment outcomes for a successful and equitable future for Indigenous Australians.

Our Indigenous employment strategy supports our long term goal to achieve employment equity comparable to the rest of the Australian population.

We have respect for, and value the cultural diversity of Aboriginal and Torres Strait Islander people. We also believe a truly diverse workforce, representative of the broader Australian community will produce positive outcomes for our business.

Extensive consultation will be undertaken within our businesses to ensure the strategy meets the business needs of the organisation and to ensure the responsibility for success of the strategy lies with each manager within our Company.
